Vegetable Seeds of Quality

•

EACH YEAR, it is growing more apparent that the production of vegetables is *becoming highly specialized* and is fast getting into the hands of Truckers and Market gardeners whose livelihoods depend largely on the quality of their product, and who demand from their seedsman *True Types of Highest Merit*. We have anticipated this growing demand for *Select Strains of Carrot, Lettuce, Onion, Etc., Etc.*, and have for the past several years devoted a considerable acreage to *Selection and Breeding* work. We are offering in this list stocks *Carefully Bred, Critically Rogued, Cleaned and prepared with all possible care to prevent any mixtures*. We believe that there are no better stocks obtainable and that you may depend upon them to give satisfaction to your most critical trade. Seed of doubtful quality may be purchased cheaper, but why take chances?

Quality Will Pay in the Long Run
